

How To Perform Pretend Play Magic Tricks

You will need:

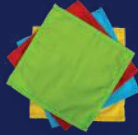

3x Cups

Counters

Felt rabbit

Velcro-fix
handkerchiefs

Full pack of
playing cards

Magic Wand

Mini magicians can use the Bigjigs Toys Magician's Kit to impress the crowds with a handful of wand-erful pretend play tricks! Three of our favourites include:

Three-Cup Trick

You will need: 3 plastic cups, 4 counters, 1 magic wand

First, place 3 cups face up on a table and secretly place one of the counters in the middle cup, then stack the cups together

Show the crowd that you have three counters on the table, then take out the bottom cup and place it face down, then do the same with the middle cup (do this in a natural motion to avoid the counter falling out) and again with the final cup

Place one of the counters on top of the middle cup and stack the other cups on top, then wave your wand and lift the 3 stacked cups to reveal the hidden counter on the table (to the crowd, it'll appear as if it has magically passed through the cup!) - repeat with the other counters

Bunny In A Hat

You will need: 1 felt bunny, 1 felt hat, 1 cloak, 1 magic wand

Show the audience that your magician's hat is empty, then cover the hat up with your magician's cloak and secretly place the felt bunny inside it

Wave your wand and reveal the hat from under your cloak

Slowly pull the bunny out of the hat!

Never-Ending Handkerchief

You will need: 4 handkerchiefs, 1 magic wand

Use the velcro fastenings to fix the handkerchiefs together and stuff the 4 fastened handkerchiefs high up your sleeve
Show the audience that you have nothing in your hands and let them take a little peek inside your sleeves to show that there is 'nothing' there
Wave your wand and start pulling the handkerchiefs out of your sleeve to wow the crowds!

Velcro-fix handkerchiefs

Fasten the 4 hankies together using the velcro tabs to create the never-ending handkerchief trick

Three-cup trick

Impress the crowds with the classic upside-down cup trick using the 3 plastic cups and 6 counters included

Felt hat & rabbit

Pull the felt bunny from the star-printed hat to recreate the legendary rabbit-in-a-hat trick from the 1800s!
